fairyland

Fairyland has been celebrating with children of all ages for over 15 years. They specially select products, parties and experiences just as children begin to read, start school, develop friendships, and begin to dream their own adventures. Through these experiences and their products, they show children the fun and magical way of fictional characters, craft and amazing stories. Fairyland's products promote fun, creativity and imaginative play for all young children.

rose & lily

Give your little ones safe access to the kitchen bench and a healthy start to life in The Learning Tower. Young children love to mix, pour, stir, count and measure at the kitchen bench as they learn to create healthy meals and snacks. This stylish non-tip step stool with safety rail is suitable from 18 months, holds two children, is height adjustable, and also comes in eight great colours. The Learning Tower is finished with water-based lacquer and wipes clean easily.
