A shoe in

Add personality to any outfit with a pair of oh-so-sweet **Garvalin** shoes from **Esther Di Veroli**. We love these red fairy ones, which would look great teamed with black opaques for chilly winter days.

Strolling for two

With baby comfortable in your **Bugaboo** stroller, you can now transport siblings safely and easily on the new wheeled board. Its 'click-n-go' attachment makes connecting the board simple, and the drainage holes and traction prevent little feet from slipping.

Colouring in

Cheeky Chickies clothing is made from 100 percent organic cotton, but there's no ho-hum colour in sight. Rather, the super-soft collection is full of bold pinks, greens and oranges.
