A young child with blonde hair and blue eyes stands in a room. The child is wearing a light pink long-sleeved shirt and grey and pink striped pants. They are also wearing white boots with a thick white fur cuff. The child is standing next to a large, ornate floral arrangement that includes purple hydrangeas, pink roses, and white daisies. To the right of the child is a light-colored wing chair with a dark wood frame. The child's right hand is resting on the seat of the chair. The background is a plain white wall.

## All in one

Danish brand **bObles** has developed a unique range of Tumbling Animals: a table does not have four legs, and a chair is not necessarily something you sit on. The bObles range stimulates, challenges and inspires the imagination and assists in the development of key motor skills. These multi-functional pieces are able to tilt, rock, roll, balance and stack, making them user friendly, too.

## From small beginnings...

Formed in 2009, **Maisy Dee** began when its founder was gifted a sewing machine a year after the birth of her first child. Nearly two years later, Maisy Dee offers a complete range of unique, handmade baby essentials, from dummy clips to burp cloths. Maisy Dee's eco-friendly bibs are made from 100 percent naturally grown bamboo, making them perfect for sensitive or allergy-prone skin, as well as soft, breathable and absorbent, and what's more the product range begins at under \$10, making them affordable, too.
